Goodnight Song Jim Boyes Voice publishing

*Chorus So goodnight my friends as the dawn comes pale,
 And the Eastern wind brings the threat of gales,
 Keep a hold on hope through the darkest vale,
 And we'll meet further on down the road*

I have travelled far from this island strand
 From the icy wastes to the burning sands
 Ploughed the raging seas seen the verdant land
 Been at home in a place far away.

Many differences but much the same
 Though the ways are strange and have different names
 And a friendly face breaks a thousand chains
 And a smile breaks the lock on the door

We have joined in song laughed the night away
 Swapped our tales of woe kept the clouds at bay
 In the morning clear we'll be on our way
 But we'll meet further on down the road

So let's drink a health to good times gone by
 When our spirits soared and we touched the sky
 And we'll bid farewell, but not goodbye
 And we'll meet further on down the road
