

I am not at war

**I am not at war with anyone
I am not at war with anyone
Go away war planes
You bring fear and shame
I am not at war with anyone**

**I give my love to Iraq and to America
I give my love to Israel and to Palestine
We could live as one
Between the sea and sun
I am not at war with anyone**

**I don't need to be friends with everyone
But I'd like to live in peace with everyone
This rush to war is wrong
And so I sing this song
I am not at war with anyone**

**I am not at war with anyone
I am not at war with anyone
Go away war planes
You bring fear and shame
I am not at war with anyone
I am not at war with anyone
I am not at war**
