mo-ther there, my fa - ther there and I'm still tryin' to make it in, whoa-o tryin' to make it in

I don't know, but I've been told
the streets up in heaven are paved with gold
I left my mother there, my father there,
And I'm still tryin' to make it in.

I'm pressin' on, I'm pressin' on,
Tryin' to reach my heavenly home
I left my mother there, my father there,
And I'm still tryin' to make it in.
